Our Mission

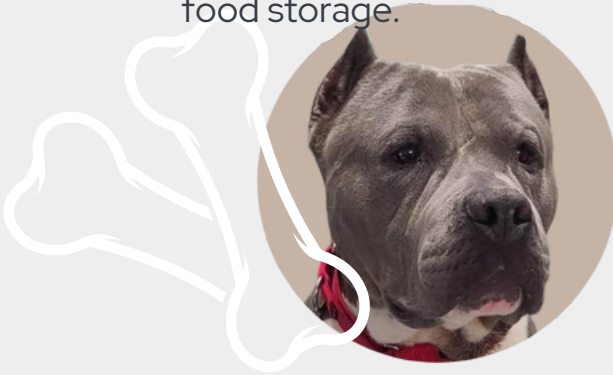

*Enriching the Community
by Promoting Animal
Welfare
in Mercer County, PA.*

Their Need

Due to an increased need for housing homeless animals, we have outgrown our current shelter and many structural elements are beyond repair. The animals are in desperate need of a safe shelter with better noise and infection control while they are waiting for their forever home.

Our Vision

On May 5th 2023 we purchased 6 acres of land on the corner of Wasser Bridge Road and Keystone Road in Greenville. Our goal is to build a new 5,242 sq ft facility to be able to house 26 dogs and 26 cats at capacity. This building will have a feline indoor and outdoor cattery, indoor and outdoor dog kennels, meet and greet rooms, a grooming room, an education center, and separate rooms for medication and food storage.
