Dear Friend of Strayhaven,

Strayhaven Animal Shelter is Greenville, Pennsylvania's local non-profit, no-kill animal shelter. Due to the increased need for housing homeless animals, we have outgrown our current shelter and many structural elements are beyond repair. Our animals are in desperate need of a safer housing facility with improved noise and infection control while they are waiting for their forever home.

On May 5th 2023 we purchased six acres of land with plans to build a new shelter. The land is located on the corner of Wasser Bridge Road and Keystone Road within the Reynolds Industrial Development. Our plan is to build a 5,242 sq foot facility to be able to house 26 dogs and 26 cats at capacity. This building will have an adoption lobby, feline indoor and outdoor cattery, indoor and outdoor dog kennels, meet and greet rooms, an education center for staff and the community, grooming rooms, and a laundry/cleaning storage room.

Strayhaven Animal Shelter is pleased to offer donors an opportunity to name each space within the new building for themselves, their pets, family members, or their business. All naming opportunities will feature a plaque when entering the space or above each individual kennel. Naming opportunities will be awarded on a first come first serve basis. Donors have the opportunity to share the naming of a space, if desired. All available naming opportunities are listed on the website and are updated regularly. Permanent name recognition is a uniquely special record of commitment for community members to see and for others to aspire to emulate. Included with this letter is a brochure which lists all the naming opportunities and their associated cost as well as a picture of our building blueprint. Donations are tax-deductible.

To reserve a room/kennel, please fill out attached form with the requested information with a check to Strayhaven Animal Shelter, 94 Donation Road, Greenville, PA 16125. Any questions regarding naming opportunities are to be directed via e-mail to strayhavenboard@yahoo.com or Andie Lugg, Board President.

Our success in building a safe and healthy facility for the homeless animals of Mercer County and beyond is made possible by the contributions of businesses and individuals like you.

Thank you for helping us help the animals!
Sincerely,

Andie Lugg
Board of Directors, President
